-

2. About Me

Hi! I am **Amana Akter**, a passionate MERN Stack Developer. I enjoy building **scalable web applications** and exploring modern web technologies.

Programming Journey:

- Started with HTML, CSS, JavaScript
- Gradually moved to React, Node.js, Express, MongoDB

Work I Enjoy:

- Responsive websites
- Interactive UI components
- Full-stack applications

Hobbies / Interests:

- Reading tech blogs
- Painting
- Solving coding challenges

Personality:

- Creative

- Detail-oriented
 - Always eager to learn new technologies
-

3. Skills

Frontend:

- HTML5, CSS3, JavaScript (ES6+)
- React.js, Tailwind CSS, Framer Motion

Backend:

- Node.js, Express.js, MongoDB
- REST APIs

Tools & Others:

- Git & GitHub, VS Code, Postman, Figma
-

4. Education

- **Higher Secondary Certificate (HSC):** Shafipur Ideal Public College
 - **Secondary School Certificate (SSC):** Mouchack Scout School and College
-

5. Experience (*Optional / Beginner Friendly*)

- Collaborated with teams to deliver functional, responsive applications
-

6. Projects

Project 1: Portfolio Website

- **Tech Stack:** React, TailwindCSS, Framer Motion
- **Description:** Modern, responsive portfolio showcasing skills and projects
- **Live Link:** *[Add your live link]*

- **GitHub:** [GitHub Repository](#)
- **Challenges:** Learning Framer Motion animations and managing complex state
- **Improvements:** Plan to integrate a Headless CMS
- **Duration:** 2 Weeks
- **Role:** Frontend Developer
- **Features:**
 - Responsive design
 - Smooth animations
 - Dynamic project showcase

Project 2: E-commerce Website

- **Tech Stack:** React.js, Node.js, Express.js, MongoDB
- **Description:** Online store with product listing, cart, and checkout
- **Live Link:** [Kids Toys Store](#)
- **GitHub:** [GitHub Repository](#)
- **Challenges:** Payment integration and state management
- **Future Improvements:** Add admin dashboard and order tracking

Project 3: Task Management App

- **Tech Stack:** React.js, Node.js, Express.js, MongoDB
- **Description:** CRUD application for tasks with user authentication
- **Live Link:** [Personal Finance App](#)
- **GitHub:** [GitHub Repository](#)
- **Challenges:** Authentication and data security
- **Future Improvements:** Mobile app version and notifications

7. Contact Information

- **Email:** proff.kona@gmail.com
- **Phone:** +8801796575129
- **WhatsApp:** +8801796575129
